## ROLL OF HONOR.

*East Candia.*

For two terms : Ida Banks, Elizabeth Banks, Everett Banks, Forest L. Dearborn, Laura B. Goodwin, Paul M. Munroe, James Miller.

For one term : Edith Banks, Della Miller, Helen Tilton, Ruth Smith, Elizabeth Gage, Mary Bacon, Gertrude Bacon.

Ninety-five per cent for one term : Mary Bacon, Eugene Berube, Elizabeth Gage.

*Patten Hill.*

For one term : Arthur Anderson.

*Candia Village.*

For two terms : Gladys H. Fisk.

For one term : Mildred Fisk, Carrie Mortensen

Ninety-five per cent of one term : Merton Fisk, Gladys Fisk Earnest Wilson, Dexter Wilson, Bertha Critchett, Elsa Mortensen, Helen Smith, Annie Keegan.

*Tower Hill.*

For one term : Eva B. Laro, Earnest J. Laro, Leo Laro.

*High Street.*

For the term : Helen Oakes, Ralph M. Stearns.

For two terms : Frances M. Stearns, Fred C. E. Hussey.

For one term : Louise M. Hussey, Carrie O'Brien, H. Angie Smith, Bessie M. Robinson.

*North Road.*

For one term : Dora B. Brown.

*South Road.*

For the year : S. Ellen Mitchell.

For two terms : Avis May Ferry.

Ninety-five per cent for one term : Clarence W. Pearson.

*Corner and Hill.*

For two terms : Gordon Davis, Josephine Davis, George Browning.

For one term : Marion Long, Oscar Linholm.

Ninety-five per cent. of one term : George Browning, Oscar Linholm.

*Chester Road.*

For the year : Della Underhill,

For one term ; Ella Underhill.

Ninety-five per cent. of one term : Arthur Allen, Minnie Fiske, Nellie Fiske.

## SCHOOL REPORT.

---

Ten schools were maintained for the spring term and seven the fall and winter terms. Our schools have been maintained thirty weeks. Patten Hill, Tower Hill and the Hill schools were closed for the fall and winter terms, thus making the expense much less. The children have been transported to East Candia and High St., and some have walked to Corner and South Road.

We feel it has been advantageous to the scholars in many ways to consolidate, for they class much better, besides other things have been to their advantage.

Our schools have been satisfactory as a whole, the teachers have been faithful and conscientious in their work with one or two exceptions.

The Board have tried to secure good teachers and they have had the assistance of Mr. Baker, the superintendent. While some mistakes have been made it has been the aim of the Board to secure the best teachers they could.

Early in the year new basal readers were obtained for the three first grades and supplementary reading matter in literature and along historical and geographical lines was provided for the four upper grades. This has been a source of much profit and pleasure to both pupils and teachers.

The schools are now well provided with text-books with the exception of supplementary reading matter for the four lower grades, which is much needed. No extensive repairs have been made, except the Village school house, which has been painted and some repairs in the interior. Minor repairs have been made as they have been needed.

OSCAR FISK,  
BENJAMIN F. LANG.  
MARY L. BROWN,

*School Board.*

SUSIE C. FOSTER,  
*Treasurer.*

Candia, N. H., March 1, 1912.

I have this day examined the accounts of the Treasurer of the School District of Candia and find them correctly cast with vouchers for the same.

JOHN H. FOSTER,  
*Auditor.*

## SUPERINTENDENT'S REPORT.

---

To the Honorable School Board of Candia :

In making this my first formal report to the officials and citizens of the School District of Candia, it is my desire to give the condition of the schools and make such recommendations as will tend to remedy existing defects.

No business or undertaking can be conducted successfully without system. The mental work that a child can do depends upon his age and mental development. Years of experience and teaching has proved that certain work in the various branches are adapted to certain ages of normal children. We have adopted the State program of study, a program about the average for Elementary Schools all over the country. During the past eighteen weeks we have been trying to bring every child up to the standard of the grade best fitted to his age and present knowledge. After this is accomplished it will be easy for the normal child to do the work of the Elementary School in eight years. This would mean that nearly every child will be ready for secondary work at the age of thirteen or fourteen.

No teacher can be trusted to instruct children without some guide or some one to keep her up to standard ; for without it the pupil will advance along the line of least resistance, or in other words in those studies which he likes the best, or the ones which the teacher likes to teach. The result is the loss of a year or two.

The great majority of our children are good, intelligent normal children capable of doing the work in the required time ; but their work is not normal, one is advanced in one study, another in something else. The prevailing weakness of all is their inability to handle the English language. The mission of the Elementary School is to give each child the power to express himself in the mother tongue, for without this power he can accomplish little either in school or in after life.

The question of finance is, or should be, the paramount question for every branch of municipal government. How can the public money be expended to give the best results ?

In the department of education there can be no doubt as to how the great proportion of the funds should be expended, that is in the hiring of trained teachers. Beautiful school houses and modern text books can avail nothing if not backed up by capable teachers.

The State aid law of a few years ago puts such a teaching force at the command of every district in the State. The District of Candia can, by raising a slightly larger amount, obtain trained teachers and continue the schools the full thirty-six weeks. The full school year must come if we are to obtain good teachers.

There is yet another side to the lengthened school year. The average parent is anxious to have his child finish elementary school work at as early a time as possible. The greater number of school weeks per year the fewer number of years will be required. The difference between the present school year and the one proposed would be one or two years. Is not this worth considering?

#### STATUTORY OBLIGATIONS.

The amount of money required for free text books, scholars supplies, high school tuition and flags is to be determined by the School Board. I therefore recommend to you that the following amounts be requested of the Selectmen :

Free textbooks,	75.00
Scholars supplies,	75.00
High school tuition,	200.00

There is need for very few repairs and I would recommend that no special appropriation be made as a small amount is available by statute and if little is expended more will be available for general school purposes.

To the Parents :

You are the ones to whom the rational and practical education of our children is of the greatest importance. You have the right to demand that your children are given good schools and that every dollar of the school money is expended judiciously and economically. You have also the duty of sending your children to school regularly and on time. Absent treatment cannot be given in education. The loss of a day's schooling can never be regained, and thus the child is robbed

of a portion of his national heritage. And there is more to the question than the loss of six hours school work. The child is, by irregular attendance, fixing upon himself habits that will work harm all through life. Make some little sacrifices to keep the child in school; it will pay good dividends. Visit the schools often and find out what is being done and what use is being made of your money.

In closing I wish to thank the Board, the teachers, and especially the children, for their support and aid.

Respectfully submitted,

C. E. BAKER,

Supt. of Schools.

# TOWN CLERK'S REPORT.
